Portfolio: <https://afiqadham2401.github.io/Portfolio/>

PROFESSIONAL SUMMARY

Information Systems graduate specializing in Intelligent Systems Engineering with hands-on experience in AI integration, data engineering, and intelligent systems development. Experienced with Python, LLM-based workflows, RAG, data processing, ETL pipelines, and machine learning. Currently supporting data and digital workflows within TNB while developing AI-assisted systems that combine structured data processing with local LLMs to solve practical business and operational problems.

PROFESSIONAL EXPERIENCE

Protégé IT Analyst

Tenaga Nasional Berhad (TNB) — OSHE Operational Excellence

May 2026 – Present

- Support data collection, cleaning, transformation, matching, and validation across organizational and training-related datasets.
- Coordinate data requests with subsidiaries and internal divisions, consolidating information for reporting and operational use.
- Support ETL-related data preparation and reporting workflows using Python, Excel, and Power BI.
- Prepare documentation and administrative materials for employee training and related OSHE activities.
- Participate in on-site safety inspection activities and support collection of evidence

AI Developer Intern

Nexagate Sdn Bhd, Malaysia

September 2025 – December 2025

- Developed prompts for cybersecurity and ISMS compliance assessment and gap-analysis workflows.
- Processed LLM outputs into structured JSON formats for downstream database and reporting workflows.
- Designed and tested Retrieval-Augmented Generation (RAG) for Risk & Compliance assessment.

KEY PROJECTS

Losen — AI-Assisted ETL Pipeline

Personal Project | Active Development

- Developing a modular AI-assisted ETL pipeline for processing structured data and office documents.
- Implementing extraction, data profiling, cleaning, transformation, and analysis workflows using Python and Pandas.
- Integrating local LLM inference through Ollama for AI-assisted processing and structured report generation.
- Designing configurable sector-specific processing and prompt workflows through a modular architecture.
- Building the application interface using Streamlit.

Risk & Compliance RAG

Nexagate Internship Project

- Used retrieved regulatory and compliance information to support requirement matching, scoring, and preparation for gap analysis.

Final Year Project — Real-Time Emotion & Gesture Recognition

Universiti Teknologi MARA (UiTM)

- Developed CNN-based facial emotion recognition models using the KDEF dataset.
- Integrated MediaPipe landmarks and real-time inference for browser-based interaction.
- Applied TensorFlow/Keras, OpenCV, MediaPipe, Python, and JavaScript throughout the project.

EDUCATION

Bachelor of Information Systems — Intelligent Systems Engineering (Hons.)

Universiti Teknologi MARA (UiTM)

October 2022 – April 2026

CGPA: 3.33

TECHNICAL SKILLS

Programming: Python, SQL, C++, Java

AI & Machine Learning: Machine Learning, CNNs, Computer Vision, TensorFlow, Keras, scikit-learn, LLM Integration, RAG, Prompt Engineering

Data Engineering & Analysis: ETL Pipelines, Pandas, Data Cleaning & Validation, Data Transformation, Data Profiling, Power BI, Microsoft Excel

AI Application Development: Ollama, Local LLMs, Streamlit, Document Processing

Backend & Databases: Flask, Oracle APEX, Database Design

ADDITIONAL EXPERIENCE

Chess Coach — CHESSHACKS

Shah Alam | March 2023 – Present

- Conduct weekly training sessions for beginner players and explain analytical concepts clearly.
- Encourage students to develop analytical and tactical thinking.

Administrative Assistant — Al Kauthar Eduqids HQ

Shah Alam | January 2026 – April 2026

- Managed filing, documentation, and confidential records.
 - Assisted with inventory tracking and manual record management using Microsoft Excel.
 - Supported day-to-day administrative and operational activities.
-

CERTIFICATION

- Database Programming Using SQL — Oracle Academy, 2024
- Database Design — Oracle Academy, 2024
- Basic Occupational First Aider
- NIOSH-Tenaga Safety Leader Passport
